Matching Colors

There is no known process which can positively regulate the final results when either cotton or worsted yarns or cloth are dyed.

In both yarns and fabric, even though the finest dyes are used, each lot may absorb the color in a different manner and vary in shading when finished.

Every possible effort is made to match colors as closely as the peculiarities in dyes and in dye action will permit, but the situation is not controllable.

NOTE: All colors are therefore handled by us with the understanding that the purchaser realizes these conditions and accepts the responsibility for any variation.

PERFETEX

Baseball Uniforms

We offer a complete line of custom made, expertly tailored Baseball Uniforms, at a price range that will meet the demand of your customer.

Particular care is taken to insure comfort and freedom of action in play. The following "Special Features" are found only in PERFETEX Uniforms.

Shirt cut full and extra long with reinforced double shoulder yoke having additional width across back which eliminates any possibility of pulling or binding while reaching out. Has deep five button opening in front—all seams double stitched and reinforced.

Pants cut over full peg top pattern with tunnel belt loops front and back. Large bellows hip pocket. Crotch seams reinforced and tape covered full length. Double stitched throughout.

Sample swatch book of materials and price list sent on request.
